

## ANNUAL PRICE GUIDE

Aspect Accountants & Advisors provide a dynamic and integrated mix of accounting and taxation services with the intention of providing **Real Time Strategic Advice**.

We recognised that business clients have differing requirements and budgets, so the following price guide demonstrates 3 main options which we typically use based on the size of the business, the kind of work required and the goals of the business owner.

We will discuss the most appropriate package to suit you and your business, and we will deliver what you require.
